LUNAR SOLAR FILM

Here at LUNAR we know what you demand- The best film for a great price that shrinks with ease!!! Our film is color stable! No turning purple ever!! We back our film with a lifetime warranty against any defect whatsoever, unlike any other film company! Also unlike any other we at LUNAR offer floating scale pricing. What that means is, the more film you buy, the cheaper the film will become. We also never raise our prices on existing customers ever! The owner and operator of Lunar has been a professional window tinter for 30+ yrs. Who better to purchase film from, than a guy who uses it everyday and has over 30 years experience. Here at Lunar we would like to thank you for purchasing and using our film and hope that you continue to use LUNAR as your film of choice on every job you do.

Sincerely,
Ed Sadlowski

we know what you demand- The best film for a great price that shrinks with ease!!!

Our film is color stable! No turning purple ever!! We back our film with a lifetime warranty against any defect whatsoever, unlike any other film company!

Also unlike any other we at LUNAR offer floating scale pricing. What that means is, the more film you buy, the cheaper the film will become.

We also never raise our prices on existing customers ever! The owner and operator of Lunar has been a professional window tinter for 30+ yrs.

THE SIZES

All sizes come in:

50% Very Light

35% Light Charcoal

20% Medium Charcoal

5% Limo Dark Charcoal

We don't carry colors yet, we sell Charcoal Smoke

Sizes are as follows:

All rolls are 100 feet long.

The 20" size is used for most auto side glass. To save money, use these rolls for side glass only. Purchase the 36" x 100' rolls just for back windows to keep your cost down.

For SUVs or over-sized side auto windows use **the 24" size**.

The 30" size is mostly used for normal sized back and front windshields only. An experienced professional window tinter should know how to shrink the film wet or dry to install the film in 1 piece saving time and money.

The 36" size is mostly used for oversized back and front windshields only.

*****Due to high demand, we are also offering 40" x 100' sizing in the same colors, but the rolls may take a little more time to ship.*****

The 60" size is mostly used for large flat glass commercial jobs or oversized auto windows. You can buy this size roll and cut the roll to a desired size needed for your job.

You can request pricing for another size you would like, the largest being 60" tall. It would take more time to ship as we have to order the special cut from our manufacturer.

Professional window tinter should know

how to shrink the film wet or dry

to install the film in 1 piece saving time and money.

to ship

it may take a little

more time to ship as we have to order the special cut from our manufacturer.

PRICING INFORMATION

You can be in whatever pricing category you want to be in. If you place a large order in one shot, for example \$3,900.00, that will put you in the "PRO" pricing category. If you buy tint for the next month or two depending on how busy you are, we will then place you into the "MASTER TINTER" category after you hit over \$10,000.00 and so on. Every time you buy Lunar film or tools it is logged into the computer. We keep track of how much you spend and you will be notified as soon as you fall into a different category. We at Lunar find that most professional window tinters tell all their window tinting friends about the film because they like it so much. They put their money together and place one big order to put them in the "MASTER TINTER" category. Just a little tip to save!!!

Lunar Solar Film is a new film company located in Long Island New York. The film is color stable comes with a lifetime warranty and is very easy to work with. The film shrinks very well and comes in four different shades and four different sizes. 5% 20% 35% 50%-20" 24" 36" 60" all by 100' feet. We also have 4mill 8mill and even 12 mill security film as well. The security film comes in 60" by 100 feet sizes only. If you are a distributor then we have some good news we are looking for you!!!! We are currently looking for four distributors. We would like to have only two in the United States and a couple over sea's being that we are just starting out. If you are an auto professional window tinter this may be a good film for you. The film is very reasonably priced. And has a great no hassle warranty and is color stable so why not give it a shot you will be surprised. The film is priced on a sliding scale the

more you buy the cheaper it will become. The average full time professional window tinter spends at least \$10,000.00 a year on film and at that level you will save in a big way with Lunar Solar Film. For more information and to contact us please visit us at WWW.LUNARSOLARFILM.COM We hope to do business with you in the future and with Lunar you can look forward to great service and quality film.

CONGRATULATIONS!

Thank you for purchasing Lunar Solar Film auto film!

AUTO CARE INSTRUCTIONS

- DO NOT use any abrasive or pads cleaners with ammonia industrial strength glass cleaners. This will wear down the film.
- Use a soft dust free cloth with a mild soap and water solution. That's all!
- Allow film to cure for 3 to 7 days before lowering your windows. This varies on weather conditions.

DON'T FORGET: Your new film takes 1-3 weeks to fully cure. You may see some haze or condensation during this time frame.

Window film adds to the beauty and protection to your home or vehicle and can be a significant energy saver! Lunar Solar Film has a wide variety of film for home application. Consult your nearest dealer and find out how to save money while adding to the beauty of your home!

Limited Warranty

Lunar Solar Film warrants the products specified below against cracking, peeling or demetalizing for the periods specified below when installed in a vehicle by an authorized LSF installer in accordance with manufacturer's recommended installation procedures:

- Traditional non-metal films are warranted for a period of 3 years from the date of purchase as long as the original purchaser retains ownership of the vehicle. Absorption or UV rays will change the film slightly over time depending on the atmospheric conditions. These minor changes are not considered warranty defects.
- Premium metal and high performance metal films are warranted for as long as the original purchaser retains ownership of the vehicle.
- Lunar AJC series are warranted against color change for as long as the original purchaser retains ownership of the vehicle.

The above warranty does not cover fading or any defects other than those specified above, and is made solely to the original purchaser and may not be transferred. If any product specified above fails to conform to the warranty during the application period, Purchaser may obtain replacement and installation of the product free of charge at any authorized LSF installer anywhere in the US and Canada. The obligation of LSF under this warranty is limited to replacement of products not conforming to the warranty. Proof of purchase will be required by the authorized installer to warranty any claim.

Any Purchaser wanting warranty service should contact the nearest authorized LSF installer or write to Lunar Solar Film, 120 Daffodil Avenue Franklin Square New York N.Y 11010, Attn: Customer Service.

A copy of your original receipt and this warranty registration card are required to warranty service.

LSF hereby disclaims liability for any incidental, special, consequential or punitive damages arising from any defect, in any product. LSF hereby excludes and disclaims any and all other expressed warranties and, except during the applicable warranty periods set forth above, also excludes and disclaims any and all implied warranties, including the warranties of merchantability and fitness for a particular purpose or use.

Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations may not apply to you. The warranty gives you specific legal rights and you may also have other rights which vary from area to area.

This product is to be used in compliance with all applicable state or provincial laws. Installation of this product in a manner that violates state or provincial law is a misuse of the product and void all warranties, expressed or implied, including but not limited to the warranty of merchantability. LSF shall not be liable in any manner whatsoever for damages related to the use of this product in an illegal manner.

I know you must be thinking yea ok theres no way this can work for me!! I don't blame you for thinking that way let me explain Before I begin to teach you a little bit about the professional window tinting business just think of this

What would you do with a extra \$200.00 a week?

What would you do with a extra \$4,000.00 a week ?

Really think about it and take your time!!

An average window tinter tints a car in 30 minutes to 70 minutes and tints the average of 9 cars a day So lets say you yourself tint only 3 cars a day in your spare time at the average \$150.00 dollars a car that's 450.00 dollars a day x 5 days a week that's \$2,250.00 dollars a week and \$117,000.00 a year

eBay Motors: A WINDOW TINT TINTING TOOL KIT Film Billy Bob A-WINDOW-TINT-TINTING-TOOL-
 TINTING-TOOL-KIT-Film-Billy-Bob

What can you do with that extra money?

The DVD teaches you everything you need to know all the in's and out's and secret's that other window tinter's don't want you to know

The tools give you the power to start tinting right after you watch the video. These are not, junky tools that you see being sold all over the place these are the actual tools used by the everyday professional window tinter

**DO YOU WANT TO OWN YOUR OWN BUSINESS
 AND MAKE 80K TO OVER 200,000 DOLLERS A YEAR NO B.S ?**

IF YOUR ANSWER IS YES THEN KEEP READING

With over 30 years experience this is the best top notch how to training kit you will ever lay your eyes on. You may be asking yourself why only 3 DVD's? Because how many times do you need to see the same thing over and over again? Most of the training DVDs being sold is Billy Bob in his garage with his old cam recorder stuck on record!!!

What you are buying is a opportunity of a lifetime information and our time tools and film and much much more.

- ☛ The winner of this auction will get the full 16 piece Professional automotive window tinting tool kit, a \$30.00 value included

- ☛ You will also receive special direct film pricing so you can order the film from where you live on a daily or weekly, monthly or yearly basis. \$ Priceless
- ☛ You will also receive 3 dvd training videos a \$110.00 value included in the kit.
- ☛ You will also receive our 9AM to 9PM eastern time 6 day a week support hotline phone # for 5 years a \$199.00 value FREE.
- ☛ You will learn how to cut your time to tint a car in half
- ☛ We will demonstrate a car being tinted from start to finish by 1 person in 45 minutes or less and it will come out perfect.
- ☛ You will learn the secrets and in and outs of automotive window tinting that they don't teach you or tell you in any other book or video

We will tell you and teach you how to get find and pick up accounts so your always busy wherever you live

After we are done with you. **YOU WILL KNOW HOW TO TINT A CAR PERFECTLY!!!!!!!**

Why learn how to become a professional window tinter ? MONEY!!!!!! That's right money \$\$\$\$\$\$

Just think of this.

If you tint only 1 cars a day at only \$120.00 a car which is way under priced considering the average tint job costs \$200.00. If it costs you just your time and about \$12.00 in professional window film for each car which is the going rate that it will cost to do a full 4 door car, That's \$108.00 dollars a car in your pocket x 6 days that's \$648.00 dollars a week x 52 weeks That's \$33,696.00 a year, and working only 30 to 70 min a day. Just so you know me and my partner do about 7 to 12 cars a day each at \$160.00 to \$300.00 a car so if you do the math that's ... Yes you didn't count wrong it's that much money! And that's just 1 of us not the people that work for us just me 1 guy. Not to mention all the commercial jobs, marine jobs, store fronts and so on. If you are a good Pro window tinter and work hard there is no reason why you should not make any less then 200,000 dollars a year. And the best thing about window tinting is its mostly cash your dealing with. So everyday your getting paid!!!! Listen I don't have time to sit here and tell you why you should buy this!!!

What we are selling you cant buy. It is an opportunity of a lifetime to learn the trade the right way from the best professional window tinters there are. Just you and no distractions. We will teach you how to be a excellent auto window tinter
